190-1077

The Piper Dome Storage Carts are a practical way to store and dry plastic, plastic single wall and most insulated style domes. The molded underbases can be stored in the same fashion.

The storage carts have individual racks to hold dome covers and underbases between warewashing, storage and makeup areas with minimum handling. The Piper Storage Cart comes complete with the universal dish rack and wire insert.

**STANDARD FEATURES**

- ◆ Available in either aluminum or stainless steel
- ◆ Accommodates most non-insulated and insulated domes or underbases
- ◆ Mobile
- ◆ Variety of capacities
- ◆ Two styles - System 7 or System 9
- ◆ Plastic racks and insert come standard

It is our policy to build equipment which is design certified by companies that have been accredited at the Federal Level by the Occupational Safety and Health Agency (OSHA) and ANSI as a National Recognized Testing Laboratory. These companies include CSA International, Underwriters Laboratories, and the National Sanitation Foundation. However, a continuing program of product improvement makes it necessary to submit new models to the agencies as they are developed. Consequently, all models may not bear the appropriate labels at all times.

We reserve the right to change specifications and product design without notice. Such revisions do not entitle buyer to corresponding changes, improvements, additions or replacements for previously purchased equipment. Information is not for design purposes.
