

the Piper Focus

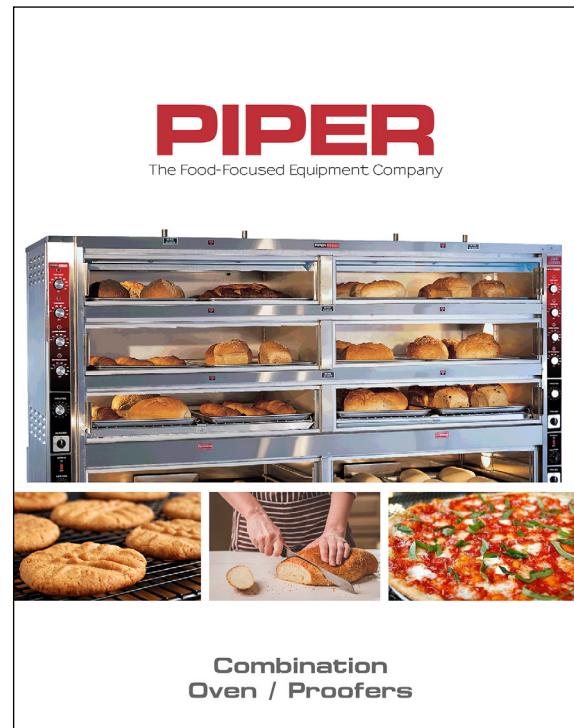

Our library of mini catalogs is growing!

New Combination Oven/Proofer catalog released

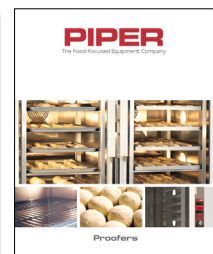

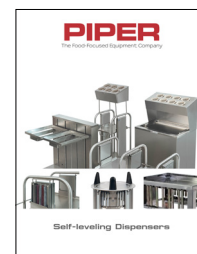

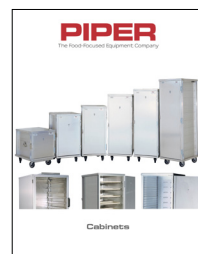

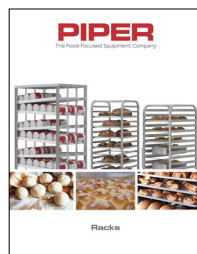

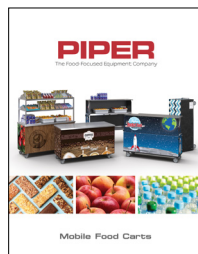

Check out our latest catalog creation. It highlights all of the great oven/proofer combination models Piper has to offer. It starts with our most popular model, the OP-3. With a 3-pan oven and 9-pan proofer in one compact unit, it offers high performance in a compact size. The catalog continues with the DOPB and DOPB-9-G, which offer the same hearth bake and perfect proofing as our OP-3, but in a larger capacity. Finally, learn about our largest model, the DOPB-12-G, with a 12-pan oven and 32-pan proofer!

There are many other things to learn about in this new mini. Features, options and a full list of specifications for each model can be found inside. Discover the secret to Piper's hearth bake, learn about Cool Touch Technology, and the proofer warming option. See what makes our combo's the most reliable units in the industry.

Order your copy and learn everything you can about the Piper Combination Oven/Proofers. Get yours at piperonline.net, or call one of our customer service representatives. You can also use our new online literature request form. Just click the button below.

Here are just a few more of the available mini catalogs from Piper. Click the Literature Request Form to order your copies today!
