1ATCA-SN CANTILEVER STYLE, MOBILE TRAY AND SILVERWARE AND NAPKIN DISPENSER.

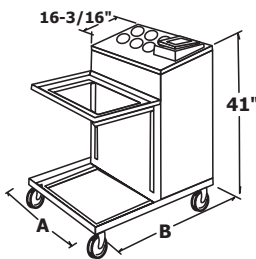

CAPACITY: Approx. 100-150 trays, 500 napkins, 35-40 pieces of silverware in each cylinder.

FRAME AND BODY: The frame is constructed of all welded heavy gauge stainless steel. The body sides are stainless steel. The sloped top is stainless steel, cut out to accommodate optional round silverware cylinders and one furnished napkin dispenser (see specification on Page D-11). The front panel is removable for adjustment access.

DISPENSING MECHANISM: The tray carrier, constructed of all welded 16 ga. stainless steel, is raised by a series of coil springs attached to the frame. Ball bearing guides and a single stainless steel aircraft type cable keep the carrier level in all directions, even with an unbalanced load. The cable runs over pre-lubricated plated steel pulleys.

ADJUSTMENT: Adjustment for various tray weights is easily accomplished by removing the front panel, then engaging or disengaging individual springs as required.

CASTERS: The unit is mounted on four 4" diameter, heavy duty, casters.

TRAY SIZE	A	B	Silverware Hole Qty
10 x 14	16-7/8	28	3
12-1/4 x 16-1/2	18-5/8	30	4
14 x 18	20-1/8	31-1/4	4
15-1/4 x 20-1/2	22-1/8	32-1/4	6

* Custom tray sizes available upon request.

NOTE - Silverware hole quantity depends on size of tray & space available.

- I (for carts) - Silverware, identity labels, (knives, forks, t-spoons)
- B - Corner Bumpers

LIMITED WARRANTY: PIPER PRODUCTS warrants to the original purchaser parts and labor for a period of twelve (12) months from the date of purchase. See manufacturer's complete warranty for details.

It is our policy to build equipment which is design certified by companies that have been accredited at the Federal Level by the Occupational Safety and Health Agency (OSHA) and ANSI as a National Recognized Testing Laboratory. These companies include CSA International, Underwriters Laboratories, and the National Sanitation Foundation. However, a continuing program of product improvement makes it necessary to submit new models to the agencies as they are developed. Consequently, all models may not bear the appropriate labels at all times.

We reserve the right to change specifications and product design without notice. Such revisions do not entitle buyer to corresponding changes, improvements, additions or replacements for previously purchased equipment. Information is not for design purposes.

2ATCA-SN CANTILEVER STYLE, MOBILE TRAY, SILVERWARE AND NAPKIN DISPENSER.

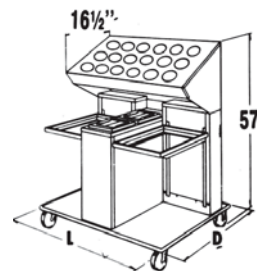

CAPACITY: Approx. 200 to 300 trays, 1000 paper napkins, 35-40 pieces of silverware in each cylinder.

FRAME AND BODY: The frame is constructed of all welded heavy gauge stainless steel. The body is stainless steel on all sides and top. The top is fitted with a stainless steel sloped overhead-type silverware dispenser, enclosed on all four sides and provided with eighteen openings for insertion of silverware cylinders. Two napkin dispensers are furnished, mounted in the center compartment between the tray dispensers (see specification on Page D-11). The front panel is removable for adjustment access.

DISPENSING MECHANISM: The tray carriers, constructed of all welded 16 ga. stainless steel, are each raised independently by a series of coil springs attached to the frame. Ball bearing guides and a single stainless steel aircraft type cable keep each carrier level in all directions, even with an unbalanced load. The cables runs over pre-lubricated plated steel pulleys.

ADJUSTMENT: Adjustment for various tray weights is easily accomplished by removing the appropriate front panel, then engaging or disengaging individual springs as required.

CASTERS: The unit is mounted on four 4" diameter, extra heavy duty, swivel casters.

TRAY SIZE	L	D	Silverware Hole Qty
