WC70-2025-10

Pipers's Wide Channel Guide Racks, Series WC, feature extra wide guides to accommodate various size oval trays. The versatility of these racks makes them popular for heavy duty storage and transport of a wide variety of materials and food products.

Series WC, aluminum wide channel guide open racks for oval trays.

FRAME

The vertical uprights and the top and bottom cross bracing are 2" x 1" x 1/8" thick extruded aluminum channels welded to form a rigid frame.

GUIDES

The guides are 1-3/8" x 1-5/8" x 3" x .100" thick extruded aluminum channels welded to the vertical uprights, with all corners chamfered and deburred.

TIE ROD

The units have 1/2" diameter aluminum tie rods welded to front and rear uprights for extra rigidity.

CASTERS

The units are mounted on four 5" diameter, heavy duty, swivel casters.

LIMITED WARRANTY: PIPER PRODUCTS warrants to the original purchaser parts and labor for a period of twelve (12) months from the date of purchase. See manufacturer's complete warranty for details.

It is our policy to build equipment which is design certified by companies that have been accredited at the Federal Level by the Occupational Safety and Health Agency (OSHA) and ANSI as a National Recognized Testing Laboratory. These companies include CSA International, Underwriters Laboratories, and the National Sanitation Foundation. However, a continuing program of product improvement makes it necessary to submit new models to the agencies as they are developed. Consequently, all models may not bear the appropriate labels at all times.

We reserve the right to change specifications and product design without notice. Such revisions do not entitle buyer to corresponding changes, improvements, additions or replacements for previously purchased equipment. Information is not for design purposes.
