

W68-1826-9
Capacity: Nine 18" x 26" x 6"
deep lugs

Series W aluminum wide angle guide rack, one, two or three banks, to accommodate 18" x 26" x 6" deep lugs or sheet pans.

FRAME

The vertical uprights and the top and bottom cross bracing are 2" x 1/8" thick extruded aluminum channels, welded to form a rigid frame.

GUIDES

The formed guides are 1-1/2" x 3-1/2" x .125" thick aluminum wide angles, with all corners chamfered and deburred. The guides are welded to the upright channels on 6-3/8" centers.

TIE ROD

The unit has 1/2" diameter horizontal aluminum tie rods welded to the front and rear vertical uprights for extra rigidity.

CASTERS

The unit is mounted on four 5" diameter, heavy duty, casters. Six casters are furnished on the three bank model.

LIMITED WARRANTY: PIPER PRODUCTS warrants to the original purchaser parts and labor for a period of twelve (12) months from the date of purchase. See manufacturer's complete warranty for details.

It is our policy to build equipment which is design certified by companies that have been accredited at the Federal Level by the Occupational Safety and Health Agency (OSHA) and ANSI as a National Recognized Testing Laboratory. These companies include CSA International, Underwriters Laboratories, and the National Sanitation Foundation. However, a continuing program of product improvement makes it necessary to submit new models to the agencies as they are developed. Consequently, all models may not bear the appropriate labels at all times.

We reserve the right to change specifications and product design without notice. Such revisions do not entitle buyer to corresponding changes, improvements, additions or replacements for previously purchased equipment. Information is not for design purposes.
